	What is a healthy portion size of meat according to the USDA?		The USDA promotes portion control through the MyPlate guidelines, which recommend making half your plate fruits and vegetables.		
	Meats (each counts as 1 serving): 2 to 3 ounces cooked lean beef, pork, veal, or lamb without bone. 2 to 3 ounces cooked poultry without skin or bone. 2 to 3 ounces cooked fish without bone.		It also emphasizes controlling portions at restaurants, reading food for serving sizes, and using measuring cups and serving utensils to ensure consistent and appropriate amounts.
